HELLO SWEET SUMMER

So wonderful to see you again!

We are very excited for this lovely season. Our new designs are filled with lots of happiness, we love to see you smile. We added a little touch of sunshine throughout the collection. Are you ready to discover?

Let's step in that tropical feeling with our little palm tree design, and feel the sun on your face with the golden details from our textile collection. We love to enjoy the little things in life. We have added so many new designs with a lot of care and attention.

About that tropical feeling... have you seen our panther print in grey colors? We have added an extra darker shade to the grey collection. The designs are catchier and more playful.

For all coffee lovers out there: we are introducing a new shape for our coffee mug. It's classy and beautiful, just the way we love.

What more do you need than a lovely designed mug filled with the tastiest coffee? Nothing in our opinion.

Have you seen our little bunny yet? It's hidden in one of our items... so cute! With his other bunny friends, they are ready to celebrate cozy get-togethers. Oh, don't worry you're invited too.

Beyond all the sweet- and softness, we also want to make a statement. With some new edgy designs, you are set to spice up your kitchen. What about our one-liter oil & vinegar bottles, or a new set of salt and pepper? Style them on one of our kitchen trays in white, black or titane. How lovely!

Let this collection take you on a little adventure. Keep an eye out for our hidden details and our little friends, let us put a smile on your face.

P.s. Happiness looks good on you!
